#### NEW POLICY FOR INDIA

Protective Tariff on Cotton Goods is Proposed.

Division may Defeat Regime of Lloyd George.

First Difficult Hurdle for the Premier Tomorrow.

(BY ATLANTIC CABLE AND A. P.) LONDON, March 13, 9 p.m.—The Lloyd George government met the first difficult hurdle in the House of Commons Wednesday morning when it was asked to place a new policy in India, threatening a protective duty on cotton goods. Special preparations are being made by all parties in anticipation of a critical division.

The reply of J. Austen Chamberlain, Secretary for India, to a declaration representing all sections of the Lancashire cotton industry today, seemed to imply that the government intended to stand fast in its decision, in which case the would be a straight fight between the protectionists and free traders in Parliament, and at the moment it is impossible to foresee the result of the ordinary party cleavage between the protectionists and free traders.

Mr. Chamberlain's reply seemed to leave no loophole for retreat on the part of the government, and the free traders with the Lancashire members and the whole of the Nationalists are able to maintain the division might result in the defeat of the government, leading to a general election.

The Lloyd George administration is so largely Unionist in composition that it is viewed with great suspicion by the older Liberals, especially with regard to the question of tariff and imperial preference.

#### TWO STORIES OF STEEL MERGER

ST. LOUIS, March 13.—The American Steel Corporation was today announced and denounced by the Supreme Court as a violation of the Federal antitrust law.

The corporation was formed by the combination of the Carnegie Steel Company and the Federal Steel Corporation, which together owned about 70 per cent of the steel-making capacity of the United States.

#### Best Medicine for Constipation

Mrs. Charles Criss, Charleston, S. C., states that Chamberlain's Colic, Cholera and Diarrhoea Remedy is the best medicine she has ever used. There are hundreds of others who are of the same opinion. These tablets are easy to take and most agreeable in effect.

#### FREE HUNDRED MILLIONS IN INCOME TAX YIELD.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 12.—The Treasury department today announced that the income tax law would yield approximately \$1,000,000,000 in the fiscal year ending June 30, 1918.

The department stated that the income tax law would yield approximately \$1,000,000,000 in the fiscal year ending June 30, 1918.

#### TAX TOO LOW, HE COMPLAINS.

Sends Check to Pay for Benefits Received from Town.

(BY A. P. NIGHT WIRE.)

CHICAGO (Ill.) March 12.—Thomas E. Donnelly, a wealthy publisher, living near Lake Forest, a suburb, was not satisfied with the taxes assessed against him and has complained to the Mayor of the town that his assessment is too low. Accompanying his complaint he sent a check for \$200, saying that, although he lived outside the limits of Lake Forest, he derived many benefits from the town and felt obliged to pay some of its taxes.

#### SHALLOW STREAMS EXEMPT BY COURT.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 12.—Paramount Federal authority over navigable rivers and government exemption of damage liability in the improvement, the Supreme Court decided today in Kentucky test cases, does not extend to their non-navigable tributaries.

Justice Pitney, who gave the opinion, said owners of land on streams are entitled to compensation for land taken when such streams artificially were made navigable.

The ruling against the government, the Department of Justice had told the court, would establish a precedent of "tremendous importance" regarding government liability for damage to private property upon tributaries of navigable waters in improvement of the latter.

#### WILSON SELECTS TARIFF CHAIRMAN.

(BY A. P. NIGHT WIRE.)

WASHINGTON (D. C.) March 12.—Prof. Frank W. Taussig of Harvard has been selected by President Wilson for chairman of the new Tariff Commission of six members.

Daniel G. Roper of South Carolina, former First Assistant Postmaster General, and former Representative William Kent, Republican of California, are other probable members and the following are under consideration:

E. P. Costigan of Denver, Prof. Irving Fisher of Yale, E. E. Pratt, chief of the Bureau of Domestic Commerce, and Miss Ida Tarbell, a writer.

#### ARMED FRENCH SHIP PERMITTED TO CLEAR.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 12.—Permission for clearance of the French steamer Rochambeau from New York, the first belligerent merchantman to arrive in an American harbor with guns mounted fore and aft, was today granted by the State Department, which ruled that the Rochambeau, as a passenger-carrying vessel, was playing no part in the war.

The department stated that the Rochambeau, as a passenger-carrying vessel, was playing no part in the war.

#### FEAR GERMAN CREWS, WANT THEM REMOVED.

(BY A. P. NIGHT WIRE.)

WASHINGTON (D. C.) March 12.—Formal request for the removal to the League Island navy yard of the interned German commerce raiders Prinz Eitel Friedrich and Kronprinz Wilhelm, the 700 men comprising their crews, was made personally to Secretary Daniels today by Mayor Smith of Philadelphia on the ground that they constitute a menace to the safety of the city.

The Mayor was told that transfer of the German crews already was under consideration. He also was assured that every precaution was being taken to guard against the possibility of any disturbance by the German sailors and that they were under constant surveillance by the navy-yard authorities.

#### GERMAN REPORT ON SHIPS SUNK.

(BY WIRELESS AND A. P.)

BERLIN, March 12 (via Bayville).—The following statement on submarine operations was issued today by the Overseas News Agency (the official German news bureau):

The official report for March 11 states that 42,000 tons of shipping were sunk. Together with the reports of March 7 and 8 this gives a total of more than 114,000 tons.

#### THREE HUNDRED MILLIONS IN INCOME TAX YIELD.

#### HOUSE CONTROL STILL IN DOUBT.

Alignment of Independents is All Conjecture.

Wisecracks at Sea Over the Unique Situation.

Shifting of Strength Seems to be Continuous.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 12.—Despite many conferences for working out Democratic, Republican or bi-partisan control of the incoming House of Representatives, there are few signs that the plans of either of the big parties or of the little group of independents will take definite form until within a few days of the special session, April 16.

Most of the members have left the capital with the impression that the lines for the organization fight cannot be drawn now because of the shifting of strength, due to deaths and the uncertainties surrounding plans for special elections to fill the vacancies.

#### APPEAL FREIGHT CONTRACT CASES.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 12.—Liability of the North German Lloyd liner Kronprinzessin Cecilie at Boston and also of many other German ships now held in American ports (for damages in returning to America when war was declared, breaking contracts to deliver freight aboard), will be decided by the Supreme Court.

Request of the North German Lloyd for review of decrees awarding damages to the Guaranty Trust Company and National City Bank of New York for failure to deliver gold shipped to England and France was granted today by the court, whose action prevents possible auction sale of the "gold ship" pending the outcome of the appeal.

#### AMERICANS MAY KEEP MINES IN MEXICO.

(BY A. P. NIGHT WIRE.)

WASHINGTON (D. C.) March 12.—Owners of idle American mining properties in Mexico may yet get exemption from Gen. Carranza's recent confiscation decree if they file immediately with the Carranza government their reasons for not resuming operations and make application for extension of their concessions.

Ambassador Fletcher notified the State Department today that he had been assured such applications would be granted if accompanied by the proper data regarding the property in question, and by a statement of how soon the mining work interrupted by the revolution can be resumed.

#### THE MISSION PLAY—ITS ADVERTISEMENT

If the newspapers constantly kept reminding you in every issue about the importance of the Mission Play with the Troupe, better performances (as they would gladly do for this or any similar institution) some of you who had already attended the play this season, or others who were not interested at first, would be daily reminded of the importance of the play.

The Mission Play, unlike Tournament of Roses of other public institutions, bases its support upon the box office receipts of a popular subscription, hence takes its rank as an automatic self-supporting institution.

On account of the sickness of his wife, Dr. Rimmer came with her to this country, and he never leaving her health, and never doubting that he could manage to live with her, and he was in the hospital for a long time.

He was told that, despite his record for honesty and honesty, he was in the hospital for a long time.

MANY people imagine that because we are large buyers in the New York markets that we have many garments of each style, so much so that exclusiveness is entirely lost sight of.

While we ARE the largest buyers in New York City out of California we do not have any more numbers of a kind than any other store. Our quantity buying is entirely based on dollars and cents and it makes no difference how many styles we select from a maker, as long as we keep him busy working.

Certain styles which we sell from \$35 to \$100 and more, we are perfectly ready to guarantee as being the only ones in the particular city where we are selling them. Quite a number of these garments we are willing to guarantee as being the ONLY ones in California in the cities where Reich and Lievre have stores.

Many stores make claims to exclusiveness until their customers discover that Reich and Lievre have the same thing for less money.

SACRAMENTO, March 12.—Some  
of Gov. Johnson's political chickens  
threaten to follow him to Wash-

Senate chamber there. The minority  
in the Assembly has not forgotten  
the Johnson patronage pledge which  
all members of that body were  
called on to sign before they could  
receive a share of the patronage  
formerly allotted to them irrespec-  
tive of their political affiliation.When the word spread through  
the Assembly chamber this morning  
that Gov. Johnson had agreed to  
abandon Thursday Assemblyman  
C. C. McCray of Shasta County  
rose and offered the following resolu-  
tion:THE RESOLUTION.  
"Whereas, Hiram W. Johnson will  
soon retire as Governor of the State  
of California and take his seat in  
the upper house of Congress as  
United States Senator, and upon  
doing so he should receive his  
equal share of patronage with-

Temperatures Rise in East to the  
Accompaniment of Rain.BY DIRECT WIRE—EXCLUSIVE DISPATCH.  
CHICAGO BUREAU OF THE  
TIMES, March 12.—Snow was re-  
ported today in Nebraska, the Da-  
kotas and Western Canada. Tem-  
peratures rose slightly in the East-  
ern States, accompanied by consid-  
erable rain. The Middle West had  
several rains, but little change in  
temperatures. The maximum in  
Chicago was 38 deg., with a minimum  
of 28 deg., with a twenty-six-mile  
northeast breeze. Montana, Wyo-  
ming and Canada still show four to  
eighteen degrees below zero. All the

CAR INJURIES END IN DEATH.

C. L. Penwarden, Crown City Contractor, Succumbs.

Was Hit by Electric Car when Crossing Track.

Wife in Hospital in a Very Critical Condition.

PARADISE, March 12.—C. L. Penwarden, a building contractor, 65 years old, died yesterday from injuries which he received the previous day, when his motor car was wrecked by a Sierra Madre car on the Pacific Electric line in La Granda Park.

Mrs. Penwarden, who was with him in the car and injured at the time, is in a critical condition at the Pasadena Hospital.

The Penwardens were on the way to their ranch in Pomona when the accident happened. P. C. Beckler, motorman on the street car, said yesterday that the track is clear at the scene of the accident and that he blew the whistle, but Mr. Penwarden drove the motor car directly in front of the street car.

Mr. Penwarden received internal injuries and his hip was dislocated. Mrs. Penwarden was badly bruised and is suffering severely from the nervous shock. The Penwarden home is on 11th street, near Lincoln avenue, in Altadena.

Besides the widow, Mr. Penwarden is survived by four children—Miss Mabel Penwarden, Mrs. Elmer A. Earl and Walter Penwarden. The family belonged to the Washington-street Methodist church where the children were active in church work.

SPECIAL TRAINING. Young men in Pasadena may obtain special instruction for entering the reserve officers' corps under the auspices of Throop College.

Capt. Louis B. Ball, Throop College military instructor at the college, has arranged with President Scherer to place the facilities of the institution at the disposal of young men wishing the officer's training.

In the event of war the members of the reserve corps would be called out as officers. Capt. Ball announced that he will start instruction classes to be held two or three times a week when there are twenty-four applicants. The number to be given instruction will be limited to fifty. The age limits are 21 to 45 years, but Capt. Ball does not make formal application for the examination for entrance to the reserve corps.

Eugene Grubb, the Colorado potato expert, will give an outdoor lecture and demonstration on potato planting this afternoon, Friday morning on a vacant lot, opposite the Pasadena High School. This lot has been donated to the city and is now being used for the purpose of growing potatoes to a depth of thirteen inches, and is ready for the planting of potatoes under Mr. Grubb's instructions. An outdoor demonstration was announced by Mr. Grubb for last Friday, but was prevented by the rain.

JURY OF WOMEN FIND WOMAN GUILTY.

WHITTIER, March 12.—Women prominent in club life of this city served as jurors in a jury trial case today, wherein Mrs. Jesus Castillo, a member of an old Spanish family, was the defendant. The jury found her guilty of the charges. Then woman-like they recommended that the court sentence her to the State Prison.

The jurors were Mrs. Josephine Lefebvre, Mrs. Pauline Hall, Mrs. A. E. Emory, Mrs. Mabel A. Russell, Mrs. Mabel Winters, Mrs. Lillian Coffman, Mrs. Ollie Holbrook, Mrs. Carl White, Mrs. Gertrude McNeen, Mrs. Nettie F. Swain, Mrs. Elsie Feltner and Mrs. Rose Steadman.

The prisoner was accused of having shot and killed a man in a saloon at 11th and Broadway streets, in the city of Whittier, Justice of Peace Taylor will pronounce sentence Saturday.

RAVE LAD ROUTS BURGLAR.

Grabs His Father's Revolver and Orders Intruder to Hold up Hands.

BEAUMONT, March 12.—John Tillery, the fourteen-year-old son of City Trustee J. O. Tillery, routed a burglar who entered his home at midnight.

The lad's parents were absent from home. Young Tillery, who had retired, was awakened by a noise. He rose and saw that a stranger was ransacking the silver cabinet. The boy secured his father's revolver and he commanded the burglar to throw up his hands.

Instead of complying the intruder dashed for the open window and escaped. The lad fled at the retreating form, but apparently without result, except to lend speed to the intruder's feet. In his haste the burglar left behind a large bundle of loot which he had collected.

KILLS A BIG MOUNTAIN LION.

Postmaster of Northoff Makes a Successful Shot at a Fierce Animal.

NORTHOFF, March 12.—Postmaster George Mallory brought down the biggest lion seen here in years while out on a ride with his family a few days ago.

Entering Coey Dell Canyon, leading toward Wheeler's Springs, from the new Matilla grade, they came upon Mr. Moraquin, who, with his dogs, had the lion tread. Mr. Mallory was told to do the honors of killing the lion with his true aim, and with the first shot he pierced the head of the animal, with an eye for a target.

The lion measured more than six feet, and had evidently been slain on a mountain of late from his poor condition.

San Diego.

ITALIAN SHOTS SPRECKELS MANAGER.

VICE-PRESIDENT CLAYTON IS BADLY WOUNDED.

Man Wrote to Him Just as He Is About to Enter His Automobile. Surrenders Himself and States That Clayton Would Not Give Him Work.

ST. DIEGO, March 12.—Just as he seated himself in his auto today at noon to go home to luncheon, William Clayton, vice-president and managing director of the Spreckels companies in San Diego, was shot through the abdomen by Lorenzo Belomo, an Italian fanatic.

Clayton, who was driving a Buick, left the car and started across the street for the Union office, which he had just left, and was again shot at by Belomo, but his aim proved poor.

Clayton started to run and reached the Pala Chief gem store in a room adjoining the Union office, when he staggered and fell inside. As he left the machine he said to Fletcher Stagg, standing by: "Get out you see the man who shot me, get him."

While crossing the street he passed J. H. O'Donnell, Marshal of Coronado, and said: "I'm shot. Man over there shot me."

An ambulance was called at once and the wounded man was hurried to St. Joseph's Hospital, where he was placed at once on the operating table. His wife and daughter were summoned, and accompanied by Mrs. Clayton, he remained in the operating room while physicians probed for the bullet.

Lorenzo Belomo, the Italian laborer who shot Clayton, turned after the shooting and walked to the traffic policeman at Third and Broadway streets, and handed him a .32-caliber revolver, to Officer Freeberg, who had not seen the shooting as he was busy with the traffic.

One witness, Mrs. L. Bradley, said he told the officer: "He hurt my foot."

"I brought the gun here from Los Angeles to kill him with. He is a millionaire and I am poor."

Asked if he was sorry for the deed, he said he did not feel any better, and was not satisfied that he did not kill him.

Belomo's grievance, according to his story, was that he had been in a street accident six years ago in which he sustained the loss of one foot, and that subsequently he had great difficulty in making a living. He said he approached Mr. Clayton many times for work and finally concluded to kill him.

His home is in East Southern Italy, and he has been in this country seven years. He has taken out his naturalization papers. He is 25 years old, and was neatly dressed in a blue serge suit today. He is unmarried and has no relatives here.

Part of the time since his accident he has worked as a bootblack. Clayton has for many years been identified with the business enterprises of John D. Spreckels & Co. Previous to coming to San Diego seventeen years ago, he was in charge of a street railway system in San Francisco, owned by the Spreckels Brothers. Since coming here he has been vice-president and managing director of all of the Spreckels companies in this city. He was largely instrumental in building up the street railway and interurban systems of this city.

Tonight he was reported resting easily, and with a good chance for complete recovery provided no complications set in. Only one bullet took effect, the one that entered his abdomen, it perforated his intestines and lodged in the muscular tissues in the back.

Belomo is held in solitary confinement in the City Jail pending the outcome of Mr. Clayton's wounds.

FROST HELPS TO THIN THE APRICOTS.

POMONA, March 12.—Although growers estimate that their apricot prospects may have been injured to some extent by the frost last night, it is believed that unless repetition of the low temperature occurs the little touch of cold will save the growers the labor of thinning the fruit, and may in that way be beneficial rather than detrimental. The apricot blossoms indicate an unusually large crop. It would probably amount to 2000 tons in this valley if the bloom should develop. In that case the growers would have had considerable thinner to do.

The heavy snow in the mountains Sunday brought the temperature down to a point where it may have nipped a small per cent. of the buds and caused a little of the tiny fruit which was already set to tumble.

The canneries managers say that the peach crop is unscratched for the reason that the trees are not in bud and bloom yet.

Shot by Italian.

William Clayton, Manager of the Spreckels corporations at San Diego, seriously wounded by a fanatical Italian just as he was about to enter his automobile.

COVINA VALLEY PIONEER SUCCUMBS TO PARALYSIS.

At about that time, only two are now living, and only one resides in the valley. He is close to the last of a group of men which included C. Vaughn, J. W. Marshall, "Bob" Pollard, A. Grifolia, Capt. Gordon J. C. Preston, Wesley Dawson, Dr. Burdick, Gene Griswold and Charles Sherry. Pollard is the only man of this group now living here.

During the time that the valley was changing from sage and cactus to a solid bank of citrus groves, Mr. Lee labored quietly on his home place on Cienega street, and his unusually powerful frame and stature and his upright character, will be remembered for many years as indelibly linked with the progress of the community. Besides his widow, he leaves the following children: Rev. Barr, Clifford Lee, Los Angeles; Herman B. Lee, Los Angeles; William A. Lee, Covina; Helen Lee, Los Angeles; N. M. and a grand-daughter, Mary Virginia Lee, of Los Angeles.

A public funeral was held today at 2:15 o'clock in the Methodist Church, and the body was laid in Fairmount Cemetery.

UNPRECEDENTED DEMAND FOR PACIFIC SARDINES.

LOS ANGELES HARBOR, March 12.—There is an unprecedented demand for canned Pacific Coast sardines and other food products in the East, according to Frank Van Camp, who has just returned from a tour of eastern cities to investigate market conditions. Having originated the Van Camp product, he has had a wide experience in the trade.

"I never saw anything like the present market," he said today. "I went back to New York to find out what the consumers think of our new Pacific Coast sardines, put up in round cans. I was surprised to find that, although we had been shipping

carload after carload for several months, less than 200 cases had ever been distributed to the retail trade. The balance of the stock is still in transit, tied up in various railroad yards and in warehouses along the way."

But, nevertheless, the jobbers are buying everything in sight, and taking their own chances on being able to sell the goods. We are still packing and selling for cash all that we can pack. There is plenty of money in the East and most everything in the canned goods line sells readily.

"As long as this condition lasts I am not going to worry about how the consumer is going to like the new product. I am sure that it will take well."

SEEK PROTECTION OF THE ABALONE BEDS.

SAN LUIS OBISPO, March 12.—The Board of Supervisors has been petitioned by the San Luis Obispo Chamber of Commerce to enact legislation to protect the rapidly diminishing abalone beds off Cayucos from Japanese fishermen.

The branch of the Point Lobos Canning Company operating at Cayucos has an average catch of seven and one-half tons of abalone a day, according to Secretary C. H. Roberts of the Chamber of Commerce. The cannery is under the management of Japanese who use the meat for export purposes. They pay no license and there is no part of the abalone they do not use.

The grounds around the cannery are covered with great piles of dry, empty shells which when seasoned are used to manufacture buttons. The Japs also have a monopoly on this phase of the business.

The Board of Supervisors seek co-operation with the Chamber of Commerce providing they can bring Monterey county into the picture without involving the State in international complications with Japan. Monterey county has a few embodying all necessary prohibitive features, which so far has escaped official opposition from the Japs. It is believed the Supervisors may enact a similar measure here, with possibly a more stringent amendment or two.

City Hall were built. He was engaged in the real estate business in Los Angeles. He leaves a wife and two daughters, Mrs. Dwight Watson of Culver City and Mrs. Shute of Bakerdale. Arrangements for the funeral have not been completed.

EX-MAYOR SAXTON DIES OF APOPLEXY.

ALHAMBRA, March 12.—J. H. Saxton, former Mayor of Alhambra and for years prominent in the San Gabriel Valley, died here suddenly Saturday afternoon from an attack of apoplexy. He came from Los Angeles at 1:30 o'clock in the afternoon to this place and shortly afterwards was discovered in his room at the hotel in a semi-conscious condition. An effort was made to resuscitate him, but it was of no avail. Mr. Saxton was Mayor of Alhambra when the city library and the

Carlos Smart Suddenly Puts in Resignation.

Effect is to Prevent Change in Mayorship.

Rate Taxpayer Threatened with Arrest by Lewis.

VENICE, March 12.—As the finale to the staging of a series of hot political battles over municipal affairs in this city, City Trustee Carlos Smart today resigned from the board. The resignation, which came at the end of a stormy meeting of the board, was dated yesterday and the request was made that it be accepted to take effect at once.

The act of Mr. Smart intervened to prevent a second reorganization of the board and the possible unseating of Mayor J. J. Lewis, appointed a week ago by the same board. The resignation was accepted by Mr. Smart a few minutes after they had adjourned to hold an executive session.

The Council chambers were packed when the meeting was called to order by Mayor Lewis. E. L. Dodds, a member of the Citizens Protective League, which has been opposing the city administration, insisted that the newly-appointed Mayor be removed from the room if he persisted in pressing his demand at a time when the board was in executive session.

When the twelve resignations of heads of departments were presented to the board Mr. Smart asked that only those which the board proposed to accept be read. Two were read, that of H. B. Ekins, superintendent of streets, and Henry Wilf, Park Commissioner. Both were accepted, and the board created a new department, to be known as the department of public works, to be operated under the City Engineer, taking over the work of the two men whose resignations were accepted.

Trustee Smart, as his last official act, made a losing fight to retain in office the Board of Public Works, which was expected against the reappointment of Mr. Kendall, the trustee who had been voted out of office by the board.

Mr. Smart said he was taking to retain him, and passed, with one Trustee not voting. Dr. Fred Palmer was appointed police surgeon without pay, an office created yesterday.

Mr. Smart will be called within ten days to pick a successor to Mr. Smart. Recall proceedings were quickly tied up in court procedure. No record was made of the number of votes registered when chosen for both Mr. Smart and Mayor Lewis, who is also under recall, and the court held that the clerk should certify to what was his general knowledge of the vote as obtained from newspapers of that date.

Mr. Smart says he has a legal opinion to the effect that his resignation is a valid one.

EASTERN COMPANY SUES BIG RANCHER.

PORTERVILLE, March 12.—William E. Simpson, formerly of Los Angeles, and chief owner of a 160-acre orange grove in the Success district east of here, has been made defendant in a suit for the recovery of \$17,225, brought against him by the St. Paul Tropical Development Company of New Jersey.

According to the claim the officials of the company valued the orange grove issued by Simpson and associates and it was later learned that mortgages were given on the water lands of practically no value. The amount for which suit is brought, it is claimed, represents the loss sustained by the plaintiff corporation in the investment.

Simpson disclaims the company lost money by mismanagement and that the mortgages given by him represented dollars for dollar paid for them.

STUDENTS MAKE INK AND SOAP.

(BY DIRECT WIRE-EXCLUSIVE DISPATCH.) COLTON, March 12.—Hereafter all the ink used in the Colton schools will be manufactured by the chemistry and physics classes of the High School under the supervision of Vice-Principal F. J. Thompson, head of the two departments.

Mr. Thompson has been working for some time on an experiment for producing a good quality of blue-black ink at a minimum cost. Five gallons were produced last week at a cost of 70 cents per gallon and it is giving entire satisfaction.

Several months ago under Mr. Thompson's direction the students began to manufacture liquid soap for use in the schools. After considerable experimenting the soap was refined until it was as clear as the purchased article and is now being used at the various buildings.

The saving in the cost of these two much-used commodities during the present school year has been noticeable while the knowledge gained by the students has been thoroughly practical.

LANDMARK DESTROYED.

WHITTIER, March 12.—Fire Friday evening destroyed one of the old-time landmarks in this section when the G. W. Cole house, one mile west of the city, was totally destroyed. The house was built about forty years ago, and in its day was one of the show places of the Los Nietos Valley. The place had been vacant for some months. Since the death of the builder and former owner the place has been the property of his son, Byron Cole, now a resident of the Palo Verde Valley.

Gill Case.

(Continued from Fourth Page.)

dence about the payment to Matthews, the man who hired Burns detectives to trace up the evidence which sent former Chief Wagonmaster to the penitentiary, and Gill in the recall of Mayor Gill in 1911.

He had used all his extraordinary ability to confuse and trap the government's star witness into contradicting his direct testimony, and had succeeded on minor points.

DISORDER IN COURT. Dr. Matthews, former moderator of the Presbyterian General Conference, and a close personal friend of President Wilson, has been popularly credited for months with being the man behind the present prosecution of the Mayor and other officials.

Exclamations by those at the trial showed how sensational they deemed the testimony directly connecting the case closely for it was Dr. Matthews who finally persuaded him and his brothers to plead guilty and go before the recorder's grand jury which indicted the Mayor and others.

This morning Billingsley was asked whether former Policeman C. J. Morgan had been employed to deliver whisky to Billingsley's drug store. He replied:

"Why no. He was the policeman on the beat."

"Didn't he deliver whisky for you?"

"No, but he used to drop into the store Saturday nights till the police came to get his money."

Billingsley left the stand after the most thorough grilling a witness has ever been given in a Seattle court.

## THE CITY AND ENVIRONS

### EVENTS BRIEFLY TOLD

#### Canadians to Picnic

The Canadian Women's Club will have a picnic and luncheon at Encinitas Grove Wednesday.

#### Members of the Ohio Society

will hold their monthly meeting this evening in Fraternal Brotherhood Hall, No. 1418 South Figueroa street.

#### Four responses to the plea for adoption made by "B. C." are now in the hands of the city editor of The Times. This may obtain the

adoption of the child by calling in person.

#### Organizer to Speak

Mrs. Jennie Hobson Milligan, organizer of the Los Angeles League of Women Voters, will deliver an address before the Central W. C. T. U. Thursday afternoon at the First Methodist Church.

#### Astronomy Meeting

The Astronomical Society will meet tonight at 8 o'clock in the Los Angeles High School. An address will be given by Dr. W. L. H. Harris of the University of California, who will discuss "Radio-activity in the Various Phases." The public will be admitted free.

#### Following its annual custom, the

Hibernian Savings Bank will honor St. Patrick's Day by the distribution of thousands of potted shamrocks. The distribution is to be on Friday this year because St. Patrick's Day falls on Saturday.

#### A Free Floral Exhibit

The Glendale Garden Society will hold its first free floral exhibit of the season, Saturday, at No. 218 South Brand boulevard. Silver cups will be offered for the best iris and best daffodil, and a special silver cup has been offered by Mrs. Walker for the most artistic arrangement of flowers in a vase or bowl.

#### Ask Reconsideration

Presiding Judge Houser and Oscar Mueller, representing the Los Angeles Bar Association, appeared before the Board of Supervisors yesterday asking that the board reconsider its recent resolution disapproving the increase in judges of the Superior Court asked for in a bill before the Legislature, and another resolution asking the Legislature to adopt that bill.

#### The friends of Mrs. Elsie Remington

are condoling with her over the accidental death of one of her valuable Japanese chin dogs. A large turkey gobbler chased the little fellow in front of a car. Mr. and Mrs. Remington have lately arrived home from Honolulu.

#### Preparations are complete for a

banquet to be given at the Alexander next Saturday evening. St. Patrick's Day, by the Friendly Sons of St. Patrick. An excellent program has been arranged. Hon. Delphin M. Delmas, the guest of honor, will make the main address, and there will be other speakers.

#### Superior Judge McCormick will be

toastmaster. The officers of the organization, who have charge of the banquet, are John A. McCormick, president; W. H. Whalen, Southern Pacific superintendent, vice-president; Attorney James L. Irwin, secretary; and Thomas J. Cunningham, treasurer.

#### The dinner will be given at the

Kays, Charles Donlon, ex-Oxnard, Timothy Spelacy, John J. Byrne, assistant traffic passenger manager of the Santa Fe, and Mrs. McCormick.

#### International

#### GROOM IS DUTCH, BRIDE BRITISH.

#### RECEIVED IN AIRPLANE, HE

#### WINS ON EARTH.

Captain Who has been here on mission for Government of Holland will take English Girl back to Holland with him. He will be married in Christ Church yesterday.

#### After an international courtship,

the most exciting incident of which was a proposal while soaring in an army airplane 10,000 feet above the sea, Capt. Hermann Speensma of the Royal Dutch Navy and Miss Jessie (Daisy) E. Brown of No. 219 Orange street, were married in Christ Church yesterday.

#### The ceremony was performed at

8:30 o'clock in the morning by Rev. Baker P. Lee. The bride was given into the keeping of the bridegroom by her mother, Mrs. F. A. Brown, and Capt. Speensma was attended by Donald E. Brown, the bride's brother.

#### The couple left by motor for a

honeymoon trip to San Francisco where Capt. Speensma is to attend to some business for his government. Later they will go East and sail for Holland, May 1, through the German submarine zone around England.

#### The young couple met a year and

half ago at a dinner party given by Dr. N. W. Goodman of Hollywood. On the part of the bride, it was a case of love at first sight and he proposed when Miss Brown made a flight with him a few weeks later. He was not accepted then.

#### Afterward he made several trips

to the Coast in the interest of his government, for which he has been flying airplanes. Each time he was to persuade Miss Brown to go back to Holland with him as his bride, but it was only a short time ago that she capitulated to his pleadings and promised to marry him in the fall. The recent declaration of the German government as regards its ruthless submarine warfare could not have been a factor in her decision.

#### The bride is an all-around athlete.

She swims, drives her own car, and plays tennis. She came to Los Angeles with her mother from the British Isles etc. years ago, and lived for some time in Colorado Springs. Capt. Speensma is 40 years old and a widower.

## PROPOSE PEACE FOR NAZARENES

### Pentecostal Church Members

### "Amen" Talk of Truce.

### Head of Denomination Tells

### of Ousting Congregation.

### States University Flock is

### Band of "Reesites."

### Calling Rev. Beth C. Rees of

the "former University Pentecostal Church of the Nazarenes," a "religious disturber and divider," Dr. F. Walker, general superintendent of the church, yesterday made a statement to the ministers of the church and others of the reasons why the Pasadena church was disorganized.

### The conclusion of the meeting,

which was held in the First Church of the Nazarenes at Sixth and Wall streets, a printed statement by District Superintendent Howard Eckel was distributed, containing "just a few of the salient facts, which go to show the unruly, lawless and rebellious spirit" of Rev. Rees and the "former" church.

### The general superintendent said

that the action of disorganizing the University Pentecostal Church had been forced on them after they had exhausted every possible means of reconciliation.

### Dr. Walker said that the

University Church had been forced on them after they had exhausted every possible means of reconciliation. "Charity suffers long and is kind, but it doesn't suffer for ever," added the general superintendent.

### Dr. Walker stated that the

University Church had been forced on them after they had exhausted every possible means of reconciliation. "Charity suffers long and is kind, but it doesn't suffer for ever," added the general superintendent.

### No action was taken at the

meeting, as the "erratic" church," as Dr. Walker called it, is longer connected with the Pentecostal Church of the Nazarenes, but the audience generally appeared to be fully in sympathy with Dr. Walker and the officials of the church.

### At the conclusion prayers were

offered that good results may attend the revival services at the First Church and it was petitioned that the revival fire might "burn and spread into a mighty conflagration, a sentiment which called forth "ay, Lords" and "amens."

### CIRCUS TOMORROW.

### Barnes Shows will Open a Four-day

Engagement at Prager Park with Afternoon Performance—To Add New Attractions.

### Imagine more than 1000 animals

in one assemblage. Imagine yourself face to face with hundreds of lions, tigers, leopards and other man-eating beasts. Imagine great herds of elephants, caravans of camels, droves of llamas, sacred oxen, screaming monkeys and the mocking laugh of the vicious hyena.

### Then set your alarm clock so as to

get up early tomorrow morning and hurry yourself along to see the Al G. Barnes Big Show, which will open a four day engagement at Prager Park with an afternoon performance, following a street parade at 10:30 a.m.

### With "The Conquest of the Nyasa"

as its feature, the Barnes's aggregated show will contain thirty-five acts, and boasts this season the only female clown—a circus—Fern La Day and Marguerite Bryant. As the performance tomorrow afternoon is to be the official season's opening for the Venice concern, more than the usual interest attaches to it, particularly as the show performers are to be "sent away" this week with the blessing of Dr. J. Whitcomb Brougher of Temple Baptist Church, who will preach a sermon to them just before the first whip is cracked in the big arena.

### With more than 1000 animals

and 600 performers, the Barnes's show this year will present to "The Conquest of the Nyasa," a magnificent exposition of animal life in its varied phases from the jungle assistance to the tamed and trained stage.

### As feature acts, superb horses,

equestrian and other attractions, which have made the Barnes's show so popular in the past, will be retained this season, with many added novelties.

### BUSINESS BRIEVITIES.

### (Advertising.)

Branch offices for the convenience of The Times patrons are located at No. 619 South Spring street and No. 721-16 South Hill street. Advertisements and subscriptions taken. Telephone Main 4200, 10491.

## JOHN D. WORKS BACK; EXPLAINS.

Only Family Greeted Former  
Senator at Station.

Says He Thinks His Conduct  
Mirrored California.

Declares the President has  
Decided for War.

"Senator Works explains! Senator  
Works explains! Right here's where  
you get the latest."

The noisy clamor of a newsboy  
was the only public announcement  
of the arrival of the ex-senator in  
his own home town yesterday. The  
boy had spotted the former public  
official in a little group made up  
of his own immediate family at the  
Santa Fe Station.

Mr. Works was accompanied by  
his wife and their grand-daughter,  
Miss Grace Darling. Meeting him  
were Betty Burritt and Charlotte  
Darling, two grand-daughters; his  
daughters, Mrs. Isabelle Burritt,  
Mrs. E. T. Betts and Mrs. H. S.  
Darling, the two last accompanied  
by their husbands, and Mrs. J. del  
Masio, a sister of Mrs. Works.

To the newspaper men, the only  
others present, he handed a pre-  
pared statement of his reasons for  
conducting himself as he has in the  
great American crisis.

To it he added that in all his op-  
position to President Wilson he took  
the stand that the "great majority  
of Californians favor such a policy."  
"I had hundreds of letters and  
telegrams commending my action,  
and I believe that a poll today  
would substantiate this position,"  
he asserted.

The arming of merchant ships on  
the authority of the President he  
declared to be the equivalent of a  
declaration of war against Germany,  
and was so regarded by the major-  
ity of supporters of the plan. Facing  
the matter to the President, he  
considered an abdication of constitu-  
tional authority by Congress. It was  
also, from his viewpoint, a cowardly  
evasion of responsibility by Con-  
gress, which willingly shifted its re-  
sponsibility to the President. "A de-  
claration of war by the President,  
whether directly or indirectly made,  
is a dangerous usurpation of power,  
and is leading us far from the  
principles of a republic into the  
hands of a dictatorship," he in-  
sisted.

When asked about his future  
plans he stated that he will go to  
work immediately. "I have already  
arranged for law offices here and will  
begin the practice of my profession  
tomorrow," he said.

## OPERA COMPANY TO AID WAR VICTIMS.

IN A CONCERT UNDER JEWISH  
AUSPICES SUNDAY.

Chorus and Ballet of Pasquall's  
Los Angeles Organization and  
Soloists of Note will Participate  
in Matinee Event—Prominent  
Women are Patronesses.

The Los Angeles English Opera  
Company, with its chorus of 200  
trained voices and ballet of seventy-  
five, will give a benefit concert un-  
der the auspices of the Jewish War  
Sufferers' Relief Society, through the  
courtesy of S. M. de Pasquall, gen-  
eral manager of the company, in  
Cline's Auditorium next Sunday af-  
ternoon at 2:30 o'clock.

Not only the chorus and bal-  
let of the company appear, but dis-  
tinguished artists will contribute  
their services. Altogether the per-  
formance promises to be musically  
most interesting.

## MYSTERY BIRD BAKED IN PIE.

Tejon Ranches' Nimrod Bags  
Pigeon Bearing Strange  
Aluminum Marker.

When Tom, cook and Nim-  
rod on the Tejon ranches,  
Kern county, sallied forth last  
Sunday with his trusty "fowl-  
ing piece" and bagged a goodly  
number of pigeons, he not only  
made possible a pie to delight  
an epicure, but he also fur-  
nished the ingredients of a  
mystery. Among the birds he  
slew was one with an alumi-  
num ring attached to its leg  
and on the ring was a com-  
bination of letters and num-  
bers utterly unknown to the  
Tejon people.

The ring was sent here yester-  
day for possible identifica-  
tion. It contains a symbol  
formed by linking the letters  
A and U, the number sixteen  
and the combination J2984.

tratto! Miss Helen Newcomb, so-  
prano, and Miss Kathleen Lockhart,  
soprano, will be among the soloists  
at the concert.

Tickets can be had and reser-  
vations made at Bartlett's music store,  
No. 231 South Broadway.

### DRINK, SMOKE, MONEY.

Man Gets the Three from Two who  
Held Him Up.

Edward Demirjian chummed yester-  
day with two men who first bought  
him drinks and then gave him to-  
bacco. At Third and Wall streets  
they dropped the pretense of friend-  
ship and held him up, taking his  
wallet, containing \$46. Seeing that  
there were three witnesses of their  
crime they returned the wallet and  
the money and gave Mr. Demirjian a  
new \$5 bill to keep quiet about their  
operations.

The men were arrested by Detec-  
tive Rico, and when booked at Cen-  
tral Police Station gave the names  
of James E. Brown and Arthur Leh-  
man.

### SEEK HAD OPIUM.

Released Sunday from jail after  
serving a short sentence, Mrs. W. R.  
Holt was taken into custody yester-  
day on a charge of violating the  
State poison law. She was arrested  
in a corridor of the Police Station  
with a quantity of opium in her pos-  
session.

Plans for the big mass meeting  
at the headquarters, tomorrow eve-  
ning, to secure added support for  
the campaign, have been practically  
completed. John J. Byrne, chairman  
of the Los Angeles chapter, will

One hundred and fifty persons  
have been enrolled to date in the  
home training and first aid classes  
which are being conducted at the  
American Red Cross headquarters,  
No. 233 South Spring street, in con-  
nection with the organization's cam-  
paign to secure 50,000 additional  
members.

Investigation revealed that the  
couple have made deposits in vari-  
ous banks of sums exceeding \$1000,  
at different times. Mr. Shady gave  
his occupation as a peddler. It is  
charged that he and Rosa Tobia have  
lived in Los Angeles as man and  
wife, but are not married. The po-  
lice say that neighbors saw the man  
and woman around the Rindge home  
the evening the robbery occurred.

## TWO BIG TRACK MEETS ON DECK.

Huns and Trojans to Tackle California Bunch.

Abe Roth and Dascomb Ready for Handball Finals.

Good and Morton to Mingle at Doyle's Arena.

BY WARDE FOWLER.

Two important track meets are to be thrust before the public this week. Pomona meets California at Claremont Thursday and U.S.C. gets a crack at them Saturday at Boverd Field.

Both of the southern institutions have arranged to give the visitors a hot reception. The Huns claim that they will take a majority of the first places, and the Trojans feel that the score will be a lopsided affair, with them on the high end. California's thoughts on the situation have not been ascertained, but it is probable that the Bears have arranged to run away with both contests.

The Trojans will use both their freshmen and varsity teams against California. While the upper classmen lack the scrubs will attempt to furnish. And with all the talent pouring in, the California team will be expected to be a creditable style. The Bears have been cluttering up the field all of several years' growth. Beebe, Doc Cook, Harry and Warren Lamport, Wilcox, Donal, Gansner, Chestnut, Crippen and George have all been working like wild men and about twenty other experts have been cluttering up the field daily. They seem to have all the stuff in the world, and ought to clean up a neat number of points in the races.

The Huns have an aggregation of large caliber and expect to startle the natives of the fog belt from the opening event to the relay.

According to the marks made in their meet with Redlands Saturday, the U.S.C. scrubs themselves can be depended on to ramble home with numerous tallies in the U.C. battle. The local youngsters defeated the Reds 4 to 49, and made excellent marks in the races.

Vance Veth's swimming meet with California is acting as a decided stimulus to local water demons. The L.A.C. tank is the scene of many interesting scraps these days, and the club expects to show in better shape every day. The big affair is to be staged Friday evening, March 16, and the locals hope to die later in their lives if they don't get practically every point on the slate.

Nye Williams, handball enter of the L.A.C., was charged with entering a local clubhouse yesterday evening. This, in itself, is not so remarkable. But Nye was not alone. And Nye is supposed to be off "em for life. Gracious!

Matchmaker "Wad" Wadhams blew into town from Vernon last night with the announcement that Fugger Morton would tackle Sammy Good in the feature fight at Doyle's Arena this evening. "And," concluded Wad, "this battle will be one of the best affairs ever staged in the well-known Vernon ring."

Fugger Morton, it seems, would rather lick Sammy Good than anything else on the calendar. And there is a very definite and satisfactory reason for this.

A little over a year ago Morton and Good were matched in a head-line fight at Reno. The two boys lit into each other with deadly intentions and put up a scrap that was remembered for months. But hear the end of the conflict, Good landed a neat jab on Morton's ear and the battle ended. Since that time Morton has been a bit of a coward, and the stiffest cauliflower ears that ever entered a ring. It is a made-to-order affair and Sammy Good is the man who did things up brown when he planted that swat.

Fugger Morton's main ambition since that time has been to get one sure-enough chance at Good.

Good himself, is not at all worried over the outcome of tonight's affair. He thinks that Morton will furnish some interesting competition, but that's about all. However, with Morton out for blood, the northern expert will have his hands full.

Leo Houck of Seattle will tackle Louie Rees in the semi-windup. Both of these guys are tough propositions and will probably make the welkin ring while they are at it. Houck is credited with a terrific right pop and ability to score a knockout on the local hops. Rees is a clever fighter and has a thorough knowledge of all the tricks of the trade. The winner will have to fight from the first tap of the bell.

The preliminary programme follows: Tommy O'Brien vs. Al Boyd, Jimmy Brown vs. Young Fritz, Red Matthews vs. Hugo Gard, Tom Whitney vs. Jack Oliver.

Abe Roth and Dascomb, finalists in class D of the L.A.C. handball tournament, are all primed for their go, which materializes at 2:30 o'clock this afternoon. Both players have been spending many hours in the club courts and are in excellent condition for the title bout.

Roth was a finalist in the tournament last year, but was noosed out of the honors by C. Bean. Since then he has been existing with the sole ambition of taking the 1917 honors. He is up against a tough opponent, and will have to show a large quantity of class to win.

Both players are strong on clouting the ball, and the match promises to be a snap-bang affair. Abe Roth is one of the best little two-handed speed artists in the game, and if he gets a good start he ought to bring home the cantaloupe.

RAYMOND SPRING TOURNAY STARTS.

Townsend Homer of New York and N. A. Pettit of Philadelphia tied for low-score honors in the play for the big silver loving cup in the spring tourney on the Hotel Raymond links. Sixteen players qualified yesterday, and the tournament will be well under way today.

backhand, then took the net and chopped off the return. Her lobbing was also excellent.

Miss Bjurstedt was exceedingly erratic on her forehand, becoming more and more so as the game progressed. Miss Brown, on the other hand, becoming more and more confident as she saw victory nearing. Increased the speed of her game, until toward the end it looked as though she might have taken on Maury McLoughlin and handed him a beating.

The exhibition match of mixed doubles between Miss Brown and McLoughlin and Miss Bjurstedt and Throckmorton was splendid to watch, but not much of a contest. The well-executed team play of the westerners and the eastern pair on the run all the time.

### IN PASSING.

The close of the East versus West tournament leaves the West with a decidedly good taste in its mouth. Not only was the outcome very pleasing, but the matches were without exception closely contested and interesting. Aside from the fact that the matches started late on two of the days, they could scarcely have been better conducted.

Some difficulty was experienced in the matches that spectators that after paying money to get in they couldn't express their appreciation by applause.

new Mrs. Rita Jeanette Baas  
husband, has been offered \$164 a  
month by the support of her  
Whitney, Mr. Canfield's sister, if  
it will give her the custody of the  
son. Attorney Adams declared  
that Mrs. Baas, although extremely  
poor, refused the offer. He said she  
willing, however, if it seemed  
best to the court to let him go to  
live in New York, provided she  
have him with her during the  
new holidays. She prefers that  
the boy and girl should go to  
live in California so she can see  
them.

**CHOLDS STATE SCHOOLS.**  
The children have been attending  
classes in the state, but the  
children visited their mother. Mr.  
and wanted them to return East  
with them.

 Candell said he did  
 believe either he or the mother  
 have the custody of the chil-  
 dren. "I don't believe either of us  
 has the right to turn them up," he said  
 after the hearing. It developed  
 at the time of the divorce de-  
 crees provision was made for the  
 care of the children, the mother  
 to have them by common consent. No  
 was asked by the wife, but  
 Candell paid her \$300 a month  
 for the children's support until the  
 of his death. He provided in his  
 will she and the children should  
 have a sufficient sum each month  
 to live with their station in life.  
 He believed of Mrs. Saefts that
